

The Online Library of Liberty

A project of Liberty Fund, Inc.

MULTI-AWARD WINNING WEBSITE: The OLL makes available at no charge to the public outstanding resources for teaching & learning about individual liberty. It has won a number of international awards and recognition from such bodies as the Library of Congress, the National Endowment for the Humanities, and the British Arts & Humanities Research Council.

TITLES: The OLL contains over 1,300 volumes in multiple formats which are organized by subject areas, topics, and debates. Highlights include the complete scholarly editions of the works of Adam Smith, David Ricardo, J.S. Mill; the collected works of Jefferson, Madison, J. Adams, & many others; and over 200 titles published by Liberty Fund.

AUTHORS: The works of hundreds of authors from Ancient Sumeria to the present are represented. They are organized by author, historical period, and schools of thought. The latter includes the French Enlightenment, the Founding Fathers, 19th century natural rights theorists, the Austrian School of Economics, and many others.

SEARCHING: A powerful search engine enables the user to search all books, all works in a given subject area, all the works by a particular author, all the works in a collection, or just one book! Search filters allow you to limit searches by various categories & the results show the full paragraph in which the search term is located.

QUOTATIONS ABOUT LIBERTY AND POWER: Each week a new quote is added to the front page of the OLL. It highlights a key idea about liberty or power by one of our authors. The collection now totals nearly 300 quotes which are categorized by topics such as free trade, money, abolition, law, literature, politics, war & peace, despots, etc.

IMAGES OF LIBERTY AND POWER: In this collection of images we explore the sometimes hidden political meanings and references contained in portraits, etchings, caricatures, title pages of books, and other images. We have examined so far a comparison of portraits of George Washington and Napoleon, propaganda of the anti-slavery movement, anti-tax cartoons on the early 19th century, and the etchings made by the Earl of Shaftesbury.

AUDIO: The OLL contains in mp3 format interviews with 26 scholars from the *Intellectual Portrait Series: Conversations with Leading Classical Liberal Figures of Our Time* and 7 lectures on *The Legacy of Friedrich Hayek*.

EPUB FORMAT OF OUR TITLES: Many OLL titles are available in ePub format designed to be read on portable reading devices.

RESOURCES FOR TEACHERS: The OLL contains many resources to use in teaching and learning about Liberty, such as biographies, bibliographies, timelines, reading lists, essays, key documents. Most of these can be found in The Forum section of the OLL.

USER CREATED READING LISTS: This is a tool for professors and teachers to bring OLL books into the classroom. Create and annotate your own customized collection of readings which can be posted on the OLL website for use by your students. Or you can create a list of your favorite titles to send to your friends. These lists can be printed as a complete anthology of the Readings you have selected.
